Payment for Services and Sliding Scale Fee Program

Nasson Health Care is committed to offering high-quality and affordable healthcare to all and we welcome people with and without insurance.

Nasson accepts the following insurance: All major private insurance carriers (Anthem, Aetna, Cigna, Harvard Pilgrim, United Healthcare), MaineCare/Medicaid and Medicare.

We also provide a sliding fee scale program that offers different levels of discounts based on a patient's income. To be considered for the program, please contact a Patient Service Representative to complete and return an application.

You are responsible for making payments for the care you receive and our team is available for assistance to help make health care costs affordable. *Note that all Copays are due on the day of your appointment.* Please tell us at your next appointment if your insurance status has changed. If you lose insurance coverage, we may be able to help you obtain new insurance and adjust your fee if you qualify for our sliding-scale fee program.

Hardship Waiver

Nasson is committed to ensuring that our patients receive the care they need, regardless of their ability to pay. We also recognize that patients may be experiencing a financial hardship and are unable to pay their balance. If you would like to seek assistance, please contact our Patient Services Department during office hours to receive an application form: (207) 490-6900 | info@NassonHealthCare.org
